

Water Interruption

Columbia and Victoria Streets

**Thursday, February 15 to
Friday, February 23**

Residents on Columbia and Victoria Streets may experience interruptions in their water supply for durations of up to 4 hours.

The District of Lillooet public works will be investigating the water distribution network in the area of Columbia Street and Victoria Street from February 15 to February 23. Residents in this neighbourhood should expect to experience interruptions in their water supply of up to 4 hours long during this time period. Public works will attempt to minimize the length of any water interruption. The purpose of this investigation is to optimize the operation of the water network in this area by calibrating water usage statistics.
